*As a newly implemented curriculum scheme, all pupils in Years 3-6 will initially access the same ambitious curriculum content. Teachers will use baseline and ongoing assessment to identify individual starting points and make appropriate adaptations to teaching and learning. This ensures that pupils can develop, consolidate and apply essential knowledge and skills while continuing to engage with age-related expectations and a broad, balanced curriculum. As pupils progress through the scheme, assessment information will be used to further tailor provision and support successful outcomes for all learners.
